

The Reading Classroom

Adelaide

Thursday 2nd November 2017

4pm-7:30pm

The Reading Classroom

The workshop is designed for teachers who wish to maximise their reading classroom in Foundation to Grade 2. Teachers will explore what a reading block can look like and how they can provide opportunities for their students to develop their reading skills.

The workshop provides teachers with practical activities as the reading block is deconstructed:

- what is guided reading and how to effectively implement it;
- reading mini lessons to teach comprehension strategies;
- how to support our students to become engaging readers;
- how to organise reading groups and maximise the reading block ensuring purposeful activities are incorporated;
- rotations V independent tasks;

This workshop is aimed at Foundation, Grade 1 and Grade 2 classroom teachers, support teachers and teacher aides.
